

Case Study World Class Maintenance

Implementation of RCM spells new Dawn for Global Bakery

"Previously our strategy was literally fire-fighting... At the moment we are running at 98% efficiency on everything that has been through the RCM process."

Tony Perkins, Site Engineering Manager, 2007

Problem

Evesham Site Engineering Manager - Tony Perkins explains "previously our strategy was literally fire-fighting. Since implementing RCM we have now gone from reactive to proactive."

Solution

Tony Perkins attended EMS 3-Day RCM course then the 3-day RCM Facilitator's Course. This enabled Tony to conduct the RCM analysis and gain early wins. Further training has now taken place to increase available resources.

Results

"50% of the plant is now covered with a target to complete the rest of the plant by the end of 2007. At the moment we are running at 98% efficiency on everything that has been through the RCM process."

About the Programme

Reliability Centred Maintenance (RCM) is an aircraft maintenance methodology delivering unmatched levels of reliability. As a leading expert in RCM, EMS has successfully facilitated programmes in the Food, Plastics, Packaging and Services industries. We offer off-site RCM courses and on-site workshops.

Manufacturing World Class Performance

Our Services

Consultancy - Lean Manufacturing

Lean Masterclass
Lean Diagnostic
Lean Management Awareness Workshop
Change-over Time Reduction (SMED)
Lean Focused Maintenance
Workplace Organisation (5C)
Value Stream Mapping
Root Cause Analysis Workshop (RCA)
Performance Measurement

Training Courses - Lean Manufacturing

Value Stream Mapping - 3 Days
Lean Practitioner's Workshop - 5 Days
